- ▶ Deliberation on policies related to InsurTech

Supported by

PRESS RELEASE

In continuation of the insurance reforms agenda, the Insurance Regulatory and Development Authority of India (IRDAI), is organizing a conference on 30th May 2022 at Bengaluru, titled "InsurTech - Catalyst that Inspires", with an aim to emphasize upon the InsurTech ecosystem and its benefit for the insurance industry.

At this event, we will have the opportunity to hear the vision of Shri Debasish Panda, Chairperson, IRDAI, on the effective role that InsurTechs can play in India, in order to help the Indian insurance sector grow and provide last mile coverage to the citizens of the country.

This event will create a unique platform for all entities operating in the insurance sector to engage with IRDAI to discuss the regime that will foster innovation, promote the growth of insurance in India, and create an enabling platform to enhance customer experience.

Details:

Venue- Hotel Conrad Hilton, MG Road, Bengaluru

****Entry of guests will be subject to space availability****

The event will also be **live-streamed** for the global and domestic audience to attend virtually.
